The District Information Form for San Antonio Municipal Utility District No. 1 (the "District") is hereby amended by substituting the following:

- (1) Paragraph (3) of the District Information Form is amended to read as follows:

"The District's most recent ad valorem tax rate is \$0.5300 on each \$100 of assessed valuation."

- (2) Paragraph (7)(a) of the District Information Form is amended to read as follows:

"The District has settled certain alleged claims against the District as disclosed in the District's audited financial statements for the year ending September 30, 1996."

- (3) Paragraph (8) of the District Information Form, which sets forth the form of Notice to Purchasers required by Section 49.452, as amended, of the Texas Water Code to be furnished by a seller to a purchaser of real property in the District, is amended to read as follows:

Notice to Purchaser

The real property, described below, which you are about to purchase is located in San Antonio Municipal Utility District No. 1. The District has taxing authority separate from any other taxing authority, and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the District on real property located in the District is \$0.5300 on each \$100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a government entity, approved by the voters and which have been or may, at this date, be issued is \$26,896,000 plus refunding authorization, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the District and payable in whole or in part from property taxes was \$1,575,000.

The District has the authority to adopt and impose a standby fee on property in the District that has water, sanitary sewer, or drainage facilities and services available but not connected and which does not have a house, building, or other improvement located thereon and does not substantially utilize the utility capacity available to the property. The District may exercise the authority without holding an election on the matter. As of this date, the amount of the standby fee

approved by the Texas Natural Resource Conservation Commission pursuant to an Order adopted on December 19, 1994 is disclosed in Exhibit A to this Notice to Purchaser and such Exhibit A is incorporated by referenced for all purposes to this Notice to Purchaser. An unpaid standby fee is a personal obligation of the person that owned the property at the time of imposition and is secured by a lien on the property. Any person may request a certificate from the District stating the amount, if any, of unpaid standby fees on a tract of property in the District. The District will not collect this standby fee after December 31, 1997.

The District is located in whole in the extraterritorial jurisdiction of the City of Helotes, Texas. By law, a district located in the extraterritorial jurisdiction of a municipality may be annexed without the consent of the district or the voters of the district. When a district is annexed, the district is dissolved.

The original purpose of this District was to provide water, sewer, drainage, or flood control facilities and services within the District through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the District and by the City of San Antonio, Texas, acting through the San Antonio Water System. The legal description of the property which you are acquiring is as following:
